## How can the eucrisa•4•you Patient Savings and Support Program help me afford my EUCRISA prescription?

We have programs that may help you afford your prescription. Do you have commercial (private) insurance? You may be able to save on your out-of-pocket costs for EUCRISA with the Copay Savings Card. Don't have any insurance or not enough coverage to pay for your prescription? You may qualify for the EUCRISA Patient Assistance Program.

## Will my prescription insurance cover my EUCRISA prescription?

EUCRISA is covered by most commercial prescription insurance plans. It's important to know that prescription insurance coverage policies may vary, depending on the insurer and the specific insurance plan. If you have questions about your insurance plan or policy, call your insurance company or Medicare. Your doctor may have already enrolled you in eucrisa•4•you dedicated support. If not, you can talk to your doctor to get enrolled or call 1-844-EUCRISA (1-844-382-7472) if you have a EUCRISA prescription and need help understanding your prescription coverage for EUCRISA.

## Where can I get my prescription filled?

If you are an eligible patient using the Copay Savings Card, you can fill your prescription at any participating pharmacy. Or your doctor may send your prescription to the eucrisa•4•you program, where it will be filled by the program's pharmacy (CareMed Specialty Pharmacy), or a local pharmacy of your choice once your insurance has been verified. If you are uninsured or underinsured and are eligible for the EUCRISA Patient Assistance Program, we will send your prescription directly to you at the address you provide.

## What if my pharmacist tells me my insurance won't cover EUCRISA?

If you have a prescription for EUCRISA and your pharmacist tells you that your insurance won't cover EUCRISA, you can call 1-844-EUCRISA (1-844-382-7472). eucrisa•4•you can help you with understanding your insurance coverage for EUCRISA.

## I don't have any insurance. Do I qualify for the Patient Assistance Program?

If you have no insurance coverage and meet certain conditions, you may be able to obtain EUCRISA at no cost. Your doctor should enroll you in eucrisa•4•you and write a prescription for EUCRISA. eucrisa•4•you will help eligible patients who may qualify to enroll in the EUCRISA Patient Assistance Program.
